We provide branded WHMCS Starter licenses to our clients by default. This means that you will have the message "Powered by WHMCompleteSolution" on your website. If you do not wish this advertisement to be visible for your end users, you can upgrade to WHMCS Plus license for additional \$3/month. You can do this by contacting our Billing/Sales department via Live Chat or submitting a ticket. Once your request is received, a pro-rated invoice for license tier upgrade will be issued to you. When the invoice is paid, your license will be upgraded to the WHMCS Plus one.

| Qty | Description | Unit Price | Discount % | Total |
|-----|-----------------------------|------------|------------------|--------------------|
| 1 | update and maintain website | 25.00 | 0.00 | \$25.00 USD |
| | | | Sub Total | \$25.00 USD |
| | | | Total | \$25.00 USD |
